

The Events Committee is hard at work firmly up commitments and dates for the 2026-2027 season here at The Historical Society of Sarasota County.

We have a few dates set so far:

November 8 - our semi-annual LeBarge Cruise is scheduled for Sunday from 11 to 1. Historian John McCarthy gives a very entertaining history of Sarasota from the water. Reservations are \$100 paid either by sending us a check or by credit card through our website, hsosc.com. Will have another cruise in March but the date isn't set yet.

We have a lecture series called "**Conversations at the Crocker**", free to members and \$10 at the door for not-yet folks. We have two of them scheduled so far and will confirm the other dates soon::

Sunday, January 17th at 2:00 - JB Miller will give a history of the Pinecraft community here in Sarasota.

Sunday, February 28th at 2:00 - Norm Luppino on the history of the Whitfield Estates Community established in the 1920's

Saturday, February 13th - Our annual Sparkly Saturday Jewelry and Yard Sale.

In December we will be having our annual Holiday Party but the date isn't set yet.

The Earlye Musicke Consort performers have a concert open to the public. They will be returning soon from their summer break and we should be able to set a date then.

Sunday, April 17th at 2:00 Josh Goodman, the director of the History Center of Sarasota, offered to give our members a tour of their new facility being built next to the Fruitville library. It is scheduled to be completed shortly before then. Also in April, we have our Annual Meeting for our members. We tentatively are scheduled to have it at the History Center auditorium at that time.

We plan to add other events to our calendar soon
